HARVEST AND LABOR PROBLEMS CREATE LIVE & LENGTHY DISCUSSION

A large and interested crowd listened attentively to the discussion and speeches planned to partially solve the difficulty created by the shortage of labor owing to so many men enlisted in the various branches of the armed forces.

The meeting was held in the Memorial Hall Friday last. T. S. Hughes ably filled the duties of Chairman. H. A. Ruppe was elected Secretary.

Mayor Hughes explained the purpose of the meeting and at once called on W. H. Ross, of Calgary, Acting Chairman of the Advisory Committee on Harvest Labor, to speak.

Mr. Ross is a pleasing speaker and held the interest of the audience throughout a long and somewhat detailed address.

Mr. Ross explained that the Oden shops had taken 1800 men, the Alaska shops had absorbed a large number and where 2,500 men had been available last year, the limit this year would total 1,000 men. The military authorities had been approached and no trainees would be available.

Hence the only sources possible were men released from stores and offices at various periods, High School students and the Japanese, and what assistance farmers can render each other by interchange of work.

The help of High School Students and the Japanese created lengthy discussion, resolutions later being passed to be forwarded to the Provincial Government.

Mr. Ross answered questions and advised where possible throughout the meeting.

The Chairman next called in Mr. Norman Smith, Editor of the Western Farm Leader.

Mr. Smith stated that Agriculture is a War necessity. Had this been recognized more fully in the early stages the depleted condition now existing in Alberta might have been lessened. The heavier enlistment in Western Canada has been too heavily on this part of the Dominion. He felt that the solution to harvest this years bumper crop must depend on what local help can be arranged, and what assistance can be given by high school boys. All help obtainable should be used. Help on the home front for harvest is actually a contribution to victory.

Don J. McKinnon endorsed the statements of the previous speakers. Referring to Jap labor, Mr. McKinnon felt it was a matter for the individual to decide whether he would take two, three or four Japs to work. He felt that a group of ten with an overseer could be used effectively for "piece meal" work.

Resulting from a lengthy discussion the following resolutions were made and carried.

On motion of Don J. McKinnon and Sven Swenson it was agreed that an organization of the municipalities present be set up.

On motion of Charles Harvey and Leslie Tiede it was agreed that four men from each of the four Municipal Districts present should form a committee.

Chosen men were:
Bow Valley—Jas. Harwood, L. O. Wheeler.

Blackfoot—Chas. Harvey, Hugh Berry.

Keoma—Leonard Wheeler, Walter Mercer.

Grasswold—H. A. Ruppe and H.

Katerhagen.

There was a lengthy discussion re: the closing of High and Public Schools to release all possible help.

On motion of Mr. Otto Wheeler seconded by Mr. McKinnon a motion to be forwarded to the Provincial Government asking that all schools, Public and High, remain closed until Oct. 1 or until harvest was sufficiently advanced that the labor situation was relieved was carried.

By a show of hands, it was learned that twenty of those present could use High School boys.

Re: Japanese help, only a small number expressed a willingness to employ individual Japanese help. It was left to the committee to formulate a plan for Japanese group help, and on motion of D. J. McKinnon and Albert Mercer, it was recommended that a wage be set for groups particularly on piece work.

Referring to help to be obtained from stores and offices in smaller centres, it was carried that A. D. Shrimpton and Joe Robison be a committee to contact the men of Strathmore.

Leonard Hilton argued forcibly that the meeting go on record in establishing a set price for stooking, threshing, etc., believing that was a fair way to establish a sound basis of pay. In amendment it was moved by A. H. Ruppe seconded by E. Jackson and carried that this meeting ask the Government to set a ceiling for casual harvest on an hourly rate. The secretary was authorized to write the Dominion Government for a ruling on National Defense Tax.

Moved by Leonard Hilton and seconded by Chas. Covell that this meeting go on record asking the Unemployment Commission to send help not to the individual farmer but through the local organization of which the Municipal Secretary is the contact agent.

Mr. Ross replied that the Commission could only send help through the M. D. Secretary.

Mr. Ruppe moved a vote of thanks for their attendance and interesting addresses. E. Jackson moved adjournment at 11:45.

LANGDON

— By M. E. M. —

Miss Wilma Braden surprised her parents Mr. and Mrs. W. D. Braden by coming home for a six week's visit from Walla Walla, Washington, where she has been for the last eighteen months.

Miss Effie Reith of Winnipeg was a recent guest of Mrs. C. Dumbleton for a few days on her way home from Vancouver.

Mrs. D. Swanson of Edmonton visited her parents, Mr. and Mrs. J. Brande, last week returning to her home on Saturday.

Miss Katherine Whitney and Miss Erma Dick were weekend visitors to Banff.

Mr. and Mrs. R. Bittle are the proud parents of a baby girl born August 1. Congratulations.

His many friends will be sorry to hear of an accident in which G. Garlick lost two fingers of his left hand and injured a third. He was chopping grain on Monday and his fingers were caught. He will be in the hospital

Tangible Tributes of Esteem Presented T. S. Hughes

Tangible evidence of the high regard in which T. S. Hughes is held as a personal friend, and as an exceptionally capable and worthy citizen and public official was shown in the many very beautiful and appropriate gifts of which he has been the recipient during the past ten days.

The Town Council presented him with a very handsome leather case fitted with the best of toilet brushes, etc. Matching this was a Stationery portfolio by "a friend". Citizens of the district and town presented a very valuable watch, Birk's best, also a sterling silver flask and six tumblers, with initials engraved on each.

Members of the Memento Farm with whom Mr. Hughes has done business for years presented him with a beautifully bound bible with good type concordance, etc., also a Waterman Pen and Pencil set, from various friends a compact table alarm clock, a leather money belt, a wallet, air force socks and handkerchiefs, a very fine officers Kit Bag, a stirring identification wrist badge, etc., etc.

The sincere good wishes of the entire community go with P. O. Hughes for his safe return to his home town where the conflict is over, and that not at too distant a date. A number of friends motored to the Calgary Airport Wednesday evening to bid him God-speed as he embarked at 7:30 p.m. for Lethbridge en route to Lachine, Que.

NOTICE RE SCHOOL OPENING

Public and High School will open on last September. High School students will be allowed 20 school days to help with the harvest. Such students must secure a signed statement from the farmer for whom they work in order to secure their credits. Students taking advantage of this should be at school any day they cannot work by reason of weather conditions, etc.

Family Party In Honor Of T. S. Hughes

Sunday afternoon the members of the immediate families of Mr. and Mrs. T. S. Hughes together with a few close friends gathered at their home to enjoy one more happy afternoon ere Mr. Hughes departure for Quebec. Long tables were placed on the attractive lawn where merry conversation and an abundance of choice viands passed the hours all too quickly.

LETTER TO THE EDITOR

The Standard is pleased to publish this letter from Mr. MacKenzie as he has a number of warm friends in Strathmore who will be pleased to hear news of himself and family.

Strathmore, Montford

Rothsay,
July 21, 1942.

Dear Mrs. Moore:

Would you mind putting a line or two in the "Standard" to say that if any of the Strathmore boys on service overseas are proposing to spend their leave in Scotland, we would be only too pleased to have them stay with us. We had quite a few of the earlier arrivals but none for some months past. We are always glad to have them and they give us the intimate news of the old town. If any of them are thinking of coming, they might give us a few days notice. As I think you are sending the "Standard" to all the boys overseas, it will let them know that we welcome their visits.

I enjoy reading the "Standard" and am glad to see it looking so healthy and interesting. I see that some of the old-timers are slipping away from time to time, but many of them are still well to the fore, and taking an active part in the town and district's affairs.

So far as the war is concerned, it is more than twelve months since German planes paid a visit to the Clyde and it is wonderful how things are going along after almost three years of war. We are getting used to rationing. After all, it is an attempt to make an attempt to make an even division, and the health of the people generally is better than in peacetime. Possibly this goes to show that some of them ate too much before. Almost everyone has his or her own garden, and raising a good bit of wholesome food from it and the farmers have almost doubled home production.

I have my own hands full with two newspapers to run, and about half the staff on service.

Our daughter, Helen, a native of Strathmore, has now been in the W.A.A.F.'s for more than two years, and still likes the life. She is in England at present.

Mrs. MacKenzie and the family are keeping well, as also myself. I trust this finds you well also.

With very best regards,
Yours sincerely,
John MacKenzie.

September 3rd— 15 Minutes For Canada

The national War Finance Committee, in co-operation with the Retail Merchants' Association of Alberta, are putting on a "15 Minutes for Canada" Day on Thursday, September 3rd. The idea behind this campaign is to stimulate the sale of War Savings Stamps.

At a meeting of the Retail Merchants' Association held in Calgary, it was decided that on that date, between 2:00 and 3:15 in the afternoon, the sale of merchandise will be stopped and nothing but stamps will be sold during that period.

Election For Mayor

At a meeting of the Town Council this week it was decided to hold an election for the position of Mayor to succeed T. S. Hughes. Hence nominations are set for Sept. 1, the election to take place one week later.

2-23rd Battery Presentation To Lt. W. I. MacKenzie

Prior to Mr. MacKenzie's leaving for Calgary to join the 114th Battery, the remaining members of the 2-23 Battery of which Lt. Ian MacKenzie has been the capable and much respected leader since its inception about two years ago, presented him with the latest model Compass. Charles Scott on behalf of the Battery made the presentation, expressing the best wishes of the members for his welfare and safe return.

Mr. MacKenzie warmly thanked the men for their kindness and his appreciation of their very fine gift.

Just a Pen Nib Story—

Components for tanks and aircraft have joined millions of pen nibs flowing in a steady stream from under the same factory roof in Britain.

The pen nibs continue to play their humble but essential part in the war, although the different kinds now to be had has been reduced from 4660 to 64. They go to munition works and Government departments, not to mention banks and schools. Mapping pens without which charts and maps could not be made, are also being turned out in impressive quantities for the Royal Ordnance survey departments.

A pen nib is made from special steel, and 14 single operations have to be carried out before it is at last ready for the inkpot.

The skill demanded of the workers is a big asset in their new jobs some of which require dead accuracy to the thousandth part of an inch.

Nine in ten of Britain's pen makers are now on munitions. One of their products is a gun part used in the 1,000 bomber raids.

One worker who has turned over from pen nibs to aircraft work is an old lady of 85 who has spent most of her life in this factory. She is now one of a group of old ladies whose average age is 69.

RESTRICTIONS IN CANDY, CIGS

No more candy bars or cigarettes can be packed into overseas parcels by members of Red Cross and regimental auxiliaries according to information received at Regina provincial Red Cross headquarters. The regulations provide that no food of any kind may be sent overseas by the regimental auxiliaries. As well, no tobacco, cigarettes, matches, lighter fluid or alcoholic liquors may be sent. The regulations do not apply to parcels sent by individuals.

COAL, IRON, OIL, POTENTIAL POWER ASCERTAINED

John R. MacNeil, Conservative member of the House of Commons for Toronto Davenport, is on the first stage of a trip to Western Canada to survey Canada's "incomparable resources of potential hydro-electric power, coal, iron and oil." Mr. MacNeil has accepted invitations to speak in The Pas in Manitoba, Estevan in Saskatchewan, and at Edmonton, Peace River, Fort McMurray and Drumheller in Alberta.

The easiest way to make a hole-in-one is to try it with a spade in the potato patch.

SCOTT'S SCRAP BOOK

By R. J. SCOTT

IN NAPOLEON'S TIME

Press censorship today is mild as compared with Napoleon's time. The

decisive battle of Trafalgar was not permitted to be mentioned by any French newspaper until 1815 — ten years after the fight.

HOMIEY HOMILY

—BY A SKY PILOT—

"THEY CAN'T BLACK OUT THE STARS"

"Just keep a-go!" straight north all the time. Top o' the hill about three miles away you'll see the lights o' the city far in the distance — straight north all the time from there — lights'll guide you — can't miss it once you reach the top o' the hill."

The two road-weary travellers thanked the stranger from whom they had asked directions and drove on.

Presently they reached the top of the hill and experienced that thrill that comes once to every tired traveller when at the close of a long day the end of the journey is in sight. Before them like myriads of sparkling diamonds set in a sea of black, twinkled the lights of the great city in the distance. A sigh escaped them for this was home and rest for the night. A welcome sight to road weary eyes.

While still rejoicing in the thrice welcome grandeur of the sight that had opened up before them these far-off lights were suddenly blotted out from the landscape and the whole world seemed more dark and the night more lonely than before. A sudden unexpected black-out!

For a piece the road was winding so that the weary travellers found themselves at an unmarked junction with nothing to guide them. The driver did not expect a helpful answer from his companion when he stopped the car and asked in perplexity: "Now which way is north?"

"Tell you in a moment!" was the unexpected reply as the companion stepped from the car and looked into the star-lit sky.

"How're you goin' to tell with the lights o' the city blacked-out?"

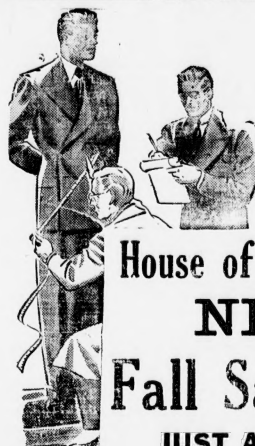

"Man can black-out his own man-made lights, but thank God, they can't black-out the stars, and they're always a safe guide for directions," was the reply.

Thus, guided by the light of the stars that have shone down on erring humanity since time began our two travellers found themselves in the shelter and refuge of the city for the night.

"Thank God, they can't black-out the stars!" There are other great stars besides the North Star that can't be blacked-out. The star of Faith shining brightly in the firmament of the Christian's life will not be blacked-out, no matter how dark the world around us may appear to be. And there is the Star of Hope that is always in conjunction with the Star of Love, and these shed their bright, warm glow of light into this war-torn strife-ridden world of ours. You can't black out these bright stars from the human heart that has been touched and moved by the spirit of God. They are the only safe guide for us to follow when the world is wrapped in the deepest spiritual darkness.

We know how impossible it is for a Christian to hate those with whom he has had the privilege of sharing tears and laughter, joys and sorrows, weal and woe. For the Christian finds something good in every human heart, that has touched his own life because he himself is filled with the supreme Good of all Life—even God.

Thank God they can't black-out the stars of Christian virtue in the heart and soul of a Christian people. When dark storms overshadow the skies and hide the sun these stars will shine brighter than before. They are a safe guide to lead us to that better city sought after by many generations of man. "The city hath foundations, whose Maker and Builder is God." That is the civilization wherein mankind will live together in peace and members of the one great family of God, the common father of all peoples.

The regular meeting of the W.I. was held at the home of Mrs. Backs on Thursday, August 13. The roll call was "My Favorite Book and its Author."

Another dollar was donated to the Milk for Britain Fund by Mrs. G. H. Godfrey who was unable to attend the tea held recently in Strathmore.

Cigarettes are being sent overseas again this month. A letter was received from Denton North thanking the W.I. for the cigarettes he had received. He said that it was a grand surprise, and a real treat as they are few and far between "over there."

A letter was read also, from Mrs. Patrick, president of the Strathmore Red Cross, thanking the W. I. for the work we had turned in, and also for the \$10 we donated. This money will be used to supply dunnage bags for shipwrecked sailors.

Some odds and ends of wool and materials were distributed among the ladies, to be made up into children's garments for the Red Cross.

A number of riddles were written out by Miss Mary Backs and an interesting half hour spent in trying to answer them.

The regulation lunch was served by the hostess to fourteen members and six visitors.

The next meeting will be held at the home of Mrs. Thomas Taylor on Thursday, August 27th. The Roll Call will be "My Favorite Actress" or "Current Events."

NOTHING FOR FEES

An East London man who had been advised by his solicitor upon the matter of making everything over to his wife in case he was killed in an air raid, later wrote to his legal adviser thus:—

"Dear Sir— Having as you advised, put all my possessions in my wife's name, regret to say I now have no money to pay you for your services."

**STANDARD
AND CRAIGANTLER**

The crops in the Standard and Craigantler district are ripening fast and cutting of wheat will commence about Sept. 10th with combine, and in fields being cut by blader about Sept. 1st. There has been no hail in Standard or Craigantler district for the past two weeks and the worst is past.

Mr. and Mrs. W. Drydale will celebrate their Golden Wedding next Thursday and a large attendance is expected.

Two young airmen of Standard, G. Buckwald and L. Foss arrived safely overseas.

Miss Winnie Porteous of Strathmore spent the past week visiting at the home of her sister, Mrs. Arthur Grant and likewise a day or two visiting Mrs. G. MacLean and Valory Wills who is spending the part of her school hol-

day with Mr. and Mrs. G. MacLean. Miss Wills attends school in Calgary.

There was very little interest taken about the enlarging of the municipal districts. The turn out was not large and the speakers and details were the same as in Strathmore.

Mrs. Gordon Gimbel and son Murray left for Victoria, B. C., where they will reside, Mr. Gimbel having secured a good position there. Her mother, Mrs. J. A. Grant and Mrs. George MacLean accompanied her as far as Calgary.

The dance in aid of the Soldiers' Cigarette fund was well attended and a nice sum was realized. The dance was in Craigantler School.

Mrs. K. Sheets is rebuilding her dwelling house. Si, the old standby, is the carpenter who is famed for turning old things new again.

Corporal Jack Sheets was at the old home last week. Jack seems to be

in a hurry and spends very little of his leave at home. Perhaps his attraction is farther north.

Mrs. Jack Stickle and family attended the airmen's picnic in Calgary last week.

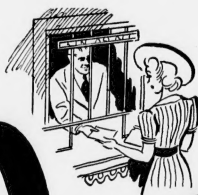

**CHEADLE
by B. W.**

Labour shortage solved by technical advice is shown by two men of the Cheadle district who built a 4299 bushel bin in nine hours flat after receiving proper advice.

Harvest is started now in the district and will be in full swing Monday. Mr. and Mrs. Lewis have gone to Bragg Creek for their holiday.

Born to Mr. and Mrs. Sasket a baby girl. To Mr. and Mrs. Dave Gowdy a baby boy.

Mr. and Mrs. Lawson are selling their farm and moving to the States. They'll be missed by all.

RE-ESTABLISHING
MEN AFTER THE WAR

THE FOLLOWING article is so full of practical and beneficial suggestion that we re-print it for the benefit of Alberta readers.

There are in the Province, thousands of acres that would make admirable sheep grazing lands.

Re-forestation is another work that could be gone into extensively, and would provide healthful and interesting work for hundreds of men and would prove a boon to our Province.

Likewise the development of fruits, both small and trees fruit. With care and proper cultivation, Alberta could produce a large quantity for home consumption, as has been proven by the cultivation in Strathmore, Brooks and other centres.

These are all practical suggestions that would provide healthful and constructive work while adding much needed development to our Province.

● East Durham Is To Be Test Area For New Rehabilitation Scheme —

Government hopes to restore men and countryside — sample survey of one district will be made to learn possibilities.

(From Farmer's Advocate)

Arrangements have been agreed upon by Hon. Ian MacKenzie, Minister of Pensions and National Health, for the Dominion Government, and Hon. N. O. Hipel, Minister of Lands and Forests for the Ontario Government, to make a sample survey of some area in Ontario in order to learn how many returned men may be employed during their rehabilitation period in healthful, useful outdoor work and at the same time ascertain what the conservation efforts of the men and the restoration of the countryside will mean to the community and the state. This unique rehabilitation plan is a new idea in Canada and one of the most promising of the many projects now under consideration for the benefit of soldiers released from the armed forces during the war and in the months or years immediately following the cessation of hostilities.

Fundamentally, it is a rehabilitation programme. Thousands of men have been released from the armed forces already and as the war progresses the men will be returned to civilian life in ever-increasing numbers. Some, of course, may go back directly to their old trades and professions; but the vast majority will have to find themselves anew and be fitted into a life and society for which they are quite untrained. Others, because of war experiences, will require a period of outdoor employment during which time their health, physical or mental, may be so restored that they are able again to pursue their previous civilian occupation or fit themselves for new ones.

After the war is over a million men — perhaps two million people — will be obliged to change abruptly from the armed forces or from war jobs to the ordinary routine of civilian life. In the readjustment period there will be unemployment and public opinion will be dangerously hostile to any programme similar to that pursued during the depression years when men were paid to do nothing. There is plenty of work of a constructive nature that can be done with benefit to the state, if we will only look ahead and plan for it serious social and economic upheavals may be averted.

So just as a beginning, the Ontario Government is co-operating with the Rehabilitation and Reconstruction Committee at Ottawa to make a sample survey of a suitable area in Ontario to determine how many men can be employed, what tasks are involved in the restoration of a countryside, how much it will cost and what will be the benefit to the community and the state.

TEA RATIONING

THE BRITISH are a tea drinking people and the United States people favor coffee. Canadians are halfway between the two using about the same amount of tea and coffee, or 40,000,000 pounds of each commodity per annum.

The bulk of the tea comes, of course from India, while the coffee comes from South America, principally Brazil. Ships are getting scarcer all the time and so importations have to be curtailed. Hence the move to ration tea and coffee.

Canadians are a wasteful people. The way we have wasted tea and coffee in the past has been characteristic of our attitude to food. Henceforth we will have to be more careful. The time may come when tea and coffee are very scarce. Then we may have to get down to drinking a beverage made from roasted barley. We can have lots of that.

Brooks Bulletin.

URGENT NEED FOR NURSES

THE CALL is soon to be made for the mobilization of women.

The urgent cry for more nurses is growing louder and louder and louder. So will it continue as the war continues to bring in longer lists of casualties.

Any girl or young woman who is called to service for her country can serve it in a very necessary and humane way by starting at once to train as a nurse.

Anyone possessing a Proficiency Certificate in First Aid Work can render valuable service.

Start now to fit yourself for the nursing profession. Let there be no wounded soldier lie in unnecessary pain for the lack of sufficient nursing care to relieve his suffering.

The time to act is now!

DALEMEAD
D. V. V.

A number of neighbors surprised Mr. and Mrs. Denning at a house warming party last Saturday evening. Everyone enjoyed the evening.

Mrs. Andrew Van DerVelde spent last week in Calgary with her mother, Mrs. Colwell. Mrs. Colwell is leaving Calgary soon to make her home in Chicago with her two daughters and son.

Mr. and Mrs. A. Van DerVelde spent Sunday visiting Mr. and Mrs. C. Evans and Mrs. Robinson of Gleichen.

Some of the farmers are busy harvesting barley in the district.

Miss D. Van DerVelde and Mr. W. Miller spent Sunday with Miss Betty Umbrite of Gleichen.

Mrs. W. G. Miller and her sister, Mrs. Beasley, and children were holidaying the past week at Banff.

Miss Lindgren spent the week end with Mrs. H. Newton. Mrs. Newton is

ROCKYFORD

— By K. M. G. —

The gravel haulers have just finished gravelling most of the road between the Rudd Hill and past Tudor which is so much appreciated by all who go over it. Rockyford streets have also been gravelled and after the recent rainy summer, it is a great improvement.

Miss Doris Williams who has been attending summer school, arrived home last Thursday for the balance of the holidays.

Mr. and Mrs. Stone have had his aunt, Mrs. Geo. Hindson of Calgary visiting them for a short time. She returned to Calgary on Wednesday last.

Mr. Edwin Bragg of the R.C.A.F. is home on a 4 weeks' leave. When he returns he will be seen to the East Coast for further instruction.

Mrs. Durant has had her sister from Regina visiting with her for the last week.

Mrs. Doris's nephew, Mr. Eric Clardie of New Zealand and who was training with the Air Crew in Calgary is convalescing after several months illness and is at present with his relatives here. Sunday he motored to Banff for a get-together with his cousins, Stan of Banff, Harvey of High River and Alice of Cardston, who will return with him before going back to her work as matron of the hospital at Cardston.

Rev. Ellison has recovered from his recent illness and conducted services at the United Church on Sunday evening. His son Joe who is working at Seabe as an electrician was home for a few days during his father's illness. The C.N.R. construction gang are at present overhauling the station. The entire building is to be stuccoed which will make it look very good indeed and be a credit to any town.

Mrs. Francis Kenworthy has her sister Marion Chapman staying with her for a few days. Marion has completed her nurses training and is working at the Camrose hospital.

Mr. and Mrs. Vekers' second daughter, Milly, was rushed to the hospital in Calgary on Friday and had her appendix removed Saturday morning. She is reported doing well.

We are pleased to see Charlie Pomroy back in Rockyford after his two month absence. He returned on Sunday to his work near Crossfield.

The Sunday School picnic which was to have been held on Wednesday of last week had to be postponed until the next Wednesday or August 19th owing to rain.

Mr. Wm. Knight had the misfortune of having his truck burst into flame while it stood on the main street of Rockyford. Louis Geerhart saw same and disconnected the wires before the fire had gone too far.

vacationing with her parents Mr. and Mrs. J. Hable for the summer months.

Mr. M. Gosling has been convalescing in the hospital in Calgary for the past few days.

SWISS TRUCK SERVICE

The Swiss government organized a motor truck service from the Portuguese to the French frontiers across Spanish territory to facilitate movement of raw materials and food stuffs.

Remains of the so-called Java ape-man are considered to be 500,000 years old.

CARSELAND

Mr. and Mrs. Harry Spelman have returned to their home in Edmonton after visiting Mrs. Spelman's parents here, the Rev. and Mrs. W. E. Sieber. Rev. L. G. Sieber of Vermilion con-

HOW TO BUY TEA AND COFFEE

How to buy tea and coffee when coupons allow only a fraction of a pound is the problem before the consumer these days. Topping each temporary ration card are the coupons marked A, B, C, D, E, each single coupon being good for one ounce of tea per person per week or four ounces of coffee per person per week. But it is permissible to use all the coupons at once, to buy five weeks supply. The five coupons would be good for five ounces of tea or for 20 ounces, which is 1 1/4 pounds of coffee, to last five weeks. Or it could be used to buy 1-2 pound of coffee and three ounces of tea. Each ounce of either beverage will make at least 12 cups.

A family of four adults would have twenty coupons to see them through the five weeks. It would take 16 cou-

pons to buy a pound of tea, and the four coupons left would buy a pound of coffee as well, or could be used to supplement the tea supply if they are all proverbial tea granities.

Countrywomen usually have a larger household to provide for, often including a farm helper or two. The farmer's wife is entitled to use the ration cards of her helpers when purchasing tea and coffee.

Rationing of tea and coffee lifts the risk on shipping. The last tea imported from India took 4 months to reach Canada.

Thompson and Lindsay Islands were removed from maps of the South Atlantic this year because both have vanished. They had been listed since 1825.

NEWS FROM O'SEAS

England, June 15, 1942.

Dear Pal:

We reached Merrie Olde England safe and sound and we had a nice trip over.

We are stationed at what used to be an ultramart seaside resort before the war. We are in a huge modernistic hotel. The food is the best we have had since the U. of Toronto.

The town is very beautiful with big houses, nice stores and lots of trees and flowers. Seven of us went out of town Sunday for tea at a place that looks like something out of a movie. They have about 20 servants and a Rolls Royce etc.

Most of us like the place very well and wouldn't mind being stationed here for a while. We don't work very hard and after tea (supper to you), we have a wild game of softball. There is a 10:30 p.m. curfew.

There is a lot of action around here. We haven't missed a night without the sirens wailing. It just puts a little excitement into our life.

July 3.

Well, we are settled down again after our disembarkation notice. Five of us went to London and Edinburgh. We had 7 days, first we went to London and saw a lot of places that I had heard of such as Trafalgar Square, Piccadilly Circus, Buckingham Palace, Hyde Park, No. 10, Downing Street, and Westminster Abbey. We left London at 10:00 p.m. and arrived at Edinburgh early next morning. I spent most of my time about 40 miles from there at Dinfemlinc in an uncle's. They treated me swell and I had all I wanted to eat, so I was happy. We went to a show and two dances at Edinburgh and we had a lot of fun just watching the Scotch imitate the Americans, especially when a girl sang "Deep in the Heart of Texas" with a Scotch accent.

Edinburgh is a beautiful city and the people are very friendly. I guess that is because they are Scotch. We saw all the main points of interest—Firth of Forth bridge, Andrew Carnegie's home and Sir Walter Scott's monument.

Oh yes, I saw Harold Freeman three times in Edinburgh and I was speaking to Mr. Besse just about a block from our barracks. It was really a great sight to see someone from home.

Duncan.

England, July 9, 1942.

Dear Frances:

Received your most welcome letter yesterday and was sure glad to hear from you and home. I have received the Strathmore papers up to May 30, I suppose the rest are on the way someplace.

I was up to London on the 4th of July, the Americans had a big celebration for the Yankee soldiers, both in the Canadian and American Armies. It certainly was worth going to, the food was great. They had parties, free shows, a parade, and a big dance at night—also some American cigarettes. That sight we had a good bed with sheets and ham and eggs for breakfast at one of the American Red Cross Eagle Clubs. Met lots of Yankees from all over the world, even Iowa and North Dakota.

It was quite interesting to see some of the bombed out areas in London, sure smashed some big buildings. I believe it's safer over here than in Canada, nothing much has happened since I arrived, maybe they heard I had come over and it quieted them down.

This new camp we have moved into is quite nice and we're busy repairing broken motor bikes and cars so it

the advertising field will enable him to advise as to the wisest use of available advertising media for campaigns, and the most effective way in which appropriations may be spent.

NATIONAL WAR LABOUR BOARD

GENERAL ORDER

The Dominion Bureau of Statistics has found that the cost of living index number for July 2, 1942, of 117.9 (adjusted index 117) has risen by 2.4 points over the index for October 1, 1941, of 115.5 (adjusted index 114.6).

Accordingly, pursuant to the provisions of Section 34 (1) of the Wartime Wages Control Order P.C. 5963, and subject to the general provisions of the Order, the National War Labour Board orders that employers subject to the Order who are paying a cost of living bonus shall adjust the amount of such bonus payment, and employers who are not paying a cost of living bonus shall commence the payment of such a bonus, both effective from the first payroll period beginning on or after August 15, 1942, as follows:

(a) If payment of a cost of living bonus is being made pursuant to the provisions of Order in Council P.C. 8233 (now superseded by P.C. 5963):

(i) For employees to whom Section 48 (iii) (a) of P.C. 5963 applies, the bonus shall be increased by the amount of sixty (60¢) cents per week;

(ii) For employees to whom Section 48 (iii) (b) of P.C. 5963 applies, the percentage of their weekly wage rates, paid to them as a cost of living bonus, shall be increased by 2.4 points;

(b) If no cost of living bonus is being paid, the payment of such a bonus shall be commenced:

(i) For employees to whom Section 48 (iii) (a) of P.C. 5963 applies, in the amount of sixty (60¢) cents per week;

(ii) For employees to whom Section 48 (iii) (b) of P.C. 5963 applies, in the amount of 2.4% of their weekly wage rates;

(c) In no case shall the amount of a cost of living bonus adjusted as stated exceed a maximum of \$4.25 per week to employees to whom Section 48 (iii) (a) of P.C. 5963 applies, and of 17% of their weekly wage rates to employees to whom Section 48 (iii) (b) of P.C. 5963 applies;

(d) (i) For employees to whom Section 48 (iii) (a) of P.C. 5963 applies now being paid a cost of living bonus, not pursuant to the provisions of P.C. 8233, established prior to the effective date of that Order, in an amount exceeding \$4.25 per week, the amount of the bonus shall remain unchanged;

(ii) For such employees now being paid a cost of living bonus of less than \$4.25 per week, the amount of the bonus shall be increased up to sixty (60¢) cents per week, but in no case to exceed a total weekly bonus of \$4.25;

(e) For employees to whom Section 48 (iii) (b) of P.C. 5963 applies now being paid a cost of living bonus, not pursuant to the provisions of that Order, in an amount prior to the effective date of that Order, in an amount exceeding 17% of their weekly wage rates, the amount of the bonus shall remain unchanged;

(ii) For such employees now being paid a cost of living bonus of less than 17% of their weekly wage rates, the bonus shall be increased up to 2.4 points, but in no case to exceed a total weekly bonus of 17% of their weekly wage rates;

(e) The adjustment or payment of a cost of living bonus calculated as ordered shall be to the nearest cent of any fractional figure;

(f) Employers in the construction industry shall adjust the amount of any cost of living bonus required by paragraph (a) of this order only for employees in respect of whom no special bonus arrangement has been made with the approval of a War Labour Board, pursuant to the provision of the Order for the conduct of the National Joint Conference Board of the Construction Industry.

Ottawa, Ontario,
August 4, 1942.

HUMPHREY MITCHELL,
Chairman, National War Labour Board.

BE A PAL... to your Electric Refrigerator

**DON'T MAKE IT
WORK OVERTIME**

5
*Temperature Saving
TIPS that save
Electricity too!*

1. Don't open the door more than you have to, as door opening lets warm air rush in and gives your refrigerator more work to do.
2. Don't put hot foods in your cold refrigerator. This frosts it up unnecessarily. Cool foods first.
3. Save on Ice Cubes. You don't need to be stingy, but why empty trayful after trayful before you know your friends want beverages iced.
4. Don't have your refrigerator right next to the range. The cooler the spot the less your refrigerator has to work.
5. Don't let too much frost accumulate before defrosting. The excess frost acts as an insulator and wastes power.

Your electric refrigerator is constructed and mechanically engineered so that it will always maintain the exact temperature required for safeguarding the freshness and nutritive value of your foods. A little co-operation on your part, however, will increase its efficiency, lower its operating cost, and extend its years of service.

TWELVE CANADIAN WRITERS TO SEE FORCES OVERSEAS

To Spend Four to Six weeks in British Isles

Twelve Canadian Writers representing news services, daily and weekly newspapers, farm and business papers and magazine groups will leave shortly for the United Kingdom to report on operations and work of the Canadian armed forces and civilians overseas, the office of G. H. Lash, director of public information, announced today.

The party organized as a result of a suggestion from Lt. Gen. A. G. L. McNaughton, commander of the Canadian Army overseas, will travel as guests of the Dominion government on joint invitation of the three ministers of national defence and War Services Minister Thorson.

Members of the party are:

News services—Charles Bruce, general news editor, The Canadian Press, Toronto; G. H. Sallans, British United Press, Montreal.

Daily newspapers—J. R. H. Sutherland, New Glasgow (N.S.) News; Herve Major, Montreal La Presse; Even R. Irvine, Montreal Star; Maj. Bert Wemp, Toronto Telegram; W. R. Clarke, Saskatoon Star-Phoenix.

Weekly newspapers—Walter Legge, Granby (Que.) Leader-Mail; C. V. Charters, Brampton (Ont.) Conservator.

Magazines—H. Napier Moore, MacLean's Magazine, Toronto.

Farm publications—Z. H. Porter, Farmer's Advocate, London, Ont.

Business and trade publications—Percy Cole, Monetary Times, Toronto.

The announcement said it is expected the party will spend from four to six weeks in Britain. A London committee under chairmanship of Rt. Hon. Vincent Massey, Canadian high commissioner, and comprising Canadian navy, army and air force representatives, is working out details of the itinerary.

Members of the party were selected by lot from nominations made by individual members of each group, the statement said.

The Lethbridge Herald

METAL FOR SHIPS

Sufficient metal for thirteen 25,000-ton battleships has been recovered by melting down railings and gates in Britain. London alone contributing 94,000 of 200,000 tons.

Indians Could Take Rule Without Chaos, Says Azad

A transfer of government in India from Britain to the Indians could be carried out without "chaos" because the British would be expected to stay on until a provisional government could be formed, Maulana Abdul Azad, President of the All-India Congress Party said today.

"The British Administration would stay until such a government could be assembled, free of interference," the Party leader told a press conference. He asserted moreover that the Congress would not insist that power be given to it but would be willing, if the British chose to have the government transferred to the rival Moslem League.

"What we are concerned with," he emphasized, "is what is being given, not to whom it is given."

His statement came on the heels of publication here of an appeal to the United States by Sir Stafford Cripps, whose independence mission to India failed, to back Britain up in "whatever is necessary."

The Cripps speech shared front-

Income Tax is Fair to All

In the fourth year of war, Canada will need almost four billion dollars. This is the equivalent of nearly \$350 from every man, woman and child in the country.

Even with the highest income tax in history, 52% only of the money Canada needs will be raised by taxation. The rest will have to be borrowed by means of War Savings Stamps, Certificates and Victory Bonds.

Starting with the first pay period in September representing September earnings only, your employer is required by law to deduct your income tax from your wages or salary, and send it promptly to the Government. Everybody will pay his share as he goes along.

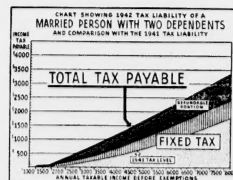

It's going to be tough . . . but not too tough! Here are some good features:

1. You will pay as you earn, so that you will not be faced with a large lump sum payment next year.
2. The National Defence Tax already deducted during the first 8 months of this year has been taken into account in the Table of Tax Deductions.
3. Though the income tax rates show a sharp increase over last year, a large portion of this increase is actually savings, to be paid back to you with interest after the war.
4. The money you are paying for life insurance premiums, annuities, principal repayments on your home, or into a pension fund may be deducted (up to a certain maximum) from the savings portion of your income tax. In many cases this may be sufficient to make payment of the savings portion of the tax unnecessary.

EMPLOYERS
If you have not received your copies of Table of Tax Deductions, communications, instructions, communicate with the office of your local Inspector of Income Tax at once.

Employers and Post Offices have been requested to display in a prominent place the official Table of Tax Deductions.

Forms TD-1 may be secured from your employer, Post Offices, or local Income Tax offices.

Unless you are single, without dependents, and not making payments of the types mentioned in paragraph 4 above, you should file Form TD-1 with your employer. Otherwise, you may not be allowed the credits to which you are entitled. **DO NOT DELAY.** File Form TD-1 with your employer at once so that you may get the full allowances from the start.

DOMINION OF CANADA — DEPARTMENT OF NATIONAL REVENUE

INCOME TAX DIVISION

HON. COLIN GIBSON,

Minister of National Revenue.

C. FRASER ELLIOTT,

Commissioner of Income Tax.

page attention with Mohandas K. Gandhi's disavowal of any disposition to allow the Japanese to move into India.

Despite Mr. Gandhi's apparently rigid determination to get independence for India now, instead of waiting until after the war as Britain pro-

posed, both Mr. Azad and Jawaharlal Nehru, second only to Mr. Gandhi in influence in the Congress Party have intimated that the door still is open

for negotiations.

The Government position can authoritatively be said to be that independence will come only after victory.

Local News Items

Born to Mr. and Mrs. A. W. Haley, Didsbury, formerly of Tudor, Sunday, August 16, a fine baby boy. Mother and child doing well.

Allan M. Cumming has been transferred from the Bank of Commerce, Crossfield, to the branch at Drumheller. He is now located there his family joining him there Sept. 1.

Mr. and Mrs. A. P. Gray and Helen left Friday night for Edmonton where they will holiday for a week or so.

Mr. and Mrs. Cecil Lambert returned Sunday from a happy vacation at Vancouver.

Mr. W. E. Hall and Mrs. Hall, Sr., spent the day with Mr. and Mrs. Cecil Lambert in Strathmore. Miss Florence Hall returned to Calgary with them and will leave towards the weekend for Utica, N.Y.

Bob McMath and Miner Murray who were at the Boy Scout Camp at Sylvan Lake were guests of Murney Ridley on Tuesday.

Geo. Freeman has enlisted in the 114th Battery. He is now in Calgary but expects to leave soon for Camrose.

Graham Tench is now promoted to the rank of Corporal.

Rev. W. E. Selber of Carleton Place conducted service in the United Church, Sunday evening, Mr. Hunt being in charge at Fairweather Camp. Mr. Selber gave an interesting sermon based on finding God in the storms and stress of life.

Myron Christensen joined the R.C.A.F. He leaves the latter part of Sept. to take his initial training.

Wednesday, MacLeod and S. H. Crowther attended the meetings of the Home and School Association being held in Calgary this week.

Walter Boissevain left by bus Wednesday for Calgary where he is enlisted in the R.C.A.F. and will commence training immediately.

Mr. and Mrs. Bannister and daughter, Norma, of Turner Valley were guests of Mr. and Mrs. J. Robinson last week.

Mrs. Hector McGregor, Jr., and baby Jill will arrive by plane Sunday to enjoy a visit with Strathmore friends.

Mr. McKenzie, and son, of Vancouver are guests for the week of Mr. and Mrs. Melissen.

COUNCIL CHAMBER

Strathmore, Alberta, August 17, 1942

That Mayor Hughes having resigned office, it is necessary that another Mayor be appointed in his place. Therefore, the Secretary-Treasurer is hereby authorized to take the necessary steps outlined in the Town and Village Act to fill the vacancy, nomination day to be Tuesday, 1st September next from 11 to 12 o'clock in the forenoon.

Moved by Councillor— C. Keeling. Carried.

J. R. GANNON, Deputy-Mayor.

● PUBLIC NOTICE ● Town of Strathmore

WANTED— by the Town of Strathmore, a Handy Man (Married), to do the work of the town. Salary \$65 per month, plus cost of living bonus, with free living quarters, fuel and light. Applications to be sent to the undersigned on or before 5 p.m. Wednesday, 26th of August.

By Order of the Town Council,
M. B. GARRETT,
Secretary-Treasurer
Strathmore, August 17, 1942.

NOTICE OF TIME AND PLACE OF NOMINATION

TOWN OF STRATHMORE

MUNICIPAL ELECTIONS 1942

PUBLIC NOTICE is hereby given that I will attend at the Town Hall, Strathmore, on Tuesday, the 1st Day of September, from Eleven o'clock in the forenoon until Twelve o'clock noon, for the purpose of receiving the Nominations of Candidates for the office of MAYOR, for the period ending February 1st, 1943.

Given under my hand at Strathmore, this 18th day of August 1942.

M. B. GARRETT,
Returning Officer.

We understand there were five men who registered at the recruiting of the Sunday. There were no applicants for the women's division. There are very few eligible girls or men left in Strathmore now.

Miss Scott of Calgary is visiting her sister, Mrs. Schulte, for the month.

Mrs. Lloyd Clemons of Queenstown is enjoying the week at the home of Mr. and Mrs. J. Robinson.

Miss Annie McGregor arrived home Monday evening from Vancouver to enjoy a couple of weeks holiday at her home.

At the School Board Meeting Monday evening Miss Hanna was appointed to fill the vacancy caused by Mr. MacKenzie's joining the armed forces.

Mrs. McGregor will arrive home Sunday after a visit of two months in Vancouver.

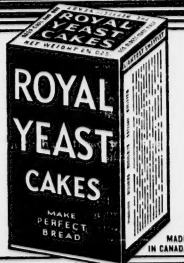

Mr. and Mrs. Malcolm MacKenzie returned Tuesday from a visit to Vancouver and are now busy moving to and getting settled in the former Rellinger home.

Mrs. Calvin Bowen will arrive home during the weekend after a visit with her husband's parents in Stoughton, Sask., and other friends.

Miss MacKay, a teacher in Edmonton High School is enjoying the week as a guest of Mr. and Mrs. E. Fred Thurston.

Strathmore School will open for the full term, Tuesday, Sept. 1. New members of the staff will be Miss E. J. Hanna, B.A. Miss Hanna also has some courses in the Faculty of Education, University of Alberta. She will succeed Mr. MacKenzie in the High School. Miss Horn, L. R.S.M. will succeed Miss June Smith in the Public School.
